Great - thanks! I spoke to Jeff today, he'll be calling you to set up some face-to-face time with you.

By the way - if I gave you the impression that we won't use the HRS samples for the RI I'm sorry. We should use that data as it's recent and QA'd. We'll supplement it with ERT's efforts.

Angela

Thanks - I've reviewed it and had no problems with it so I marked it as reviewed.

I drafted the procurement request (PR) for ERT's tech assistance in EAS including the draft action memo for your review. Today I received the last piece of info I needed from ERT, so I'll

be able to finalize the PR on Monday.

Please let me know if you have comments on the action memo so I can make the changes.
thanks
